Attention: Sally Bacon, Senior Campaign Finance Analyst

Dear Ms. Bacon:

Pursuant to the Request for Information dated 1/4/05 I have amended the 30 day Post General Report. Specifically I would like to clarify the following:

- I inadvertently omitted the contribution of UAW - VCap for \$5,000 which has now been amended;
- the entry for United Air was a mistake as the entry for "UAW" was originally construed to be an acronym for United Air and was not deleted from the report;
- Groom Law Group was incorrectly inputted as a contribution of \$5,000 on the 48hr notice but in fact was a \$1,000 contribution;
- James Berry Trimble was incorrectly selected from the drop down menu and the report should have reflected the contribution as it appears on the 48-hr notice as John W. Trimble.

I have also made every effort to update the information for the contributors as listed and have corresponded to each to no avail as yet. Should any further correspondence arrive to indicate employer information, I will amend the report further.

I apologize for the misunderstanding reflecting the above referenced contributions and will take greater precaution in reviewing the report before filing. I appreciate your consideration in this matter.

Sincerely,
Christina Morales
Treasurer
